

# ANNALIE WENTZEL

## **BIO**

---

Annalie is a PhD student at the School of Public Health, University of the Western Cape. She holds a Master of Public Health from the University of the Western Cape, and a Bachelor of Optometry from the University of Johannesburg. She has researched compliance behaviour determinants relating to diabetic retinopathy treatment in Cape Town. She is interested in health behaviour determinants in adolescents and how this relates to a clustering of metabolic diseases.

Her role will be to support WPs 4, 5, 6, and 8.
